ABOUT TEAM TEAL

The [WomenCan](#) Team Teal campaign is a partnership with the harness racing industry in Australia and New Zealand. The industry's advocacy and support of Team Teal is a significant contributor to fundraising for women with ovarian cancer.

The harness racing industry is proud of the contribution made by reinswomen and industry sponsors as it is one of the few sports with a balanced representation of women and men. This makes the support of ANZGOG's research, improving life for women with gynaecological cancer, very relevant.

Across six weeks in February and March, all reinswomen race in teal pants to raise awareness and much-needed funds for ovarian cancer research when they cross the finish line first.

Funds raised support the Research Nurse Grant Program and the Survivors Teaching Students Program.
